

02 Website Build & Care

Give customers one clear place to understand the business and take the next step.

BEST SUITED TO

Wineries, hospitality businesses and independently owned brands with an outdated, incomplete or difficult website.

OUTCOME

A credible, useful sales hub that can keep working after the launch.

WHAT IT CAN INCLUDE

- A focused Website Reset or a complete new build
- Online shop, enquiry and WhatsApp routes
- Product, vintage, image and copy updates
- Optional ongoing website care

WAYS TO WORK WITH US

Website Reset Day **R2,500 once off**

Correct up to three agreed priority issues on an accessible existing site.

One page website **R4,950 once off**

A structured mobile friendly site with an enquiry route and two revision rounds.

Small business site **From R9,500**

Up to five straightforward pages, quoted after a written brief.

Website care **R650 or R1,250 pm**

Routine checks, supported updates and 30 or 90 minutes of monthly changes.

HOW IT WORKS

01 Confirm access	02 Agree the scope	03 Build and test	04 Approve before launch
----------------------	-----------------------	----------------------	-----------------------------

START WITH A CLEAR BRIEF

Start with the practical details below. They help us recommend the smallest useful route instead of overscoping the project.

Current platform	Priority issue	Required pages	Enquiry route	Timing
------------------	----------------	----------------	---------------	--------

Scope Domains, hosting, email, paid software, ecommerce, extensive copywriting, photography, access recovery and provider disputes are separate. Additional approved work is R650 per hour. R1,000 of a Reset fee can be credited toward a larger build commissioned within 30 days.
